JACKSON CITY ITEMS

Local Happenings About Amador's County Seat

Mrs G. A. Green of Stockton is spending several weeks in Jackson as the guest of her son, Geo. Green, foreman of the Argonaut mill and John Green also an employee of the Argonaut mining company. Mrs Green is a former resident of Jackson, having lived here 20 years ago.

Mr and Mrs George M. Huberty started Monday with their afflicted daughter Veryl, for San Francisco, where the child will be placed in the Children's hospital for treatment. Dr. Endicott, the family physician accompanied them to the city.

Mrs Chas. Peters and children have been visiting in Angels for the past two weeks.

The funeral of Mrs Mary Evans Buffington was held Friday afternoon of last week. Services were conducted by Rev. T. H. Nicholas of the M. E. church. The funeral was largely attended, many pioneers and native sons and daughters were present to respect the memory of one who has been a resident of the county and of Jackson for more than 50 years. The remains were laid by the side of those of her first husband, who passed away about 16 years ago.

E. V. Zumbiel and daughter also his brother, C. Zumbiel, wife and three children left Sunday morning on a trip to Yosemite valley, and expect to be away for a week. His brother will not return here, but will visit the southern part of the state.

Mrs F. M. Farwell came up from Oakland Friday last on a visit to Mr Farwell, who is living at the Jose Gulch mine, at Butte City.

Continued on page 5

Wed In Jackson

Shortly after seven o'clock yesterday morning, a small party of young people entered the beautiful little church of St. Augustine in this city, and standing before the altar, Sidney E. Jewell and Lillian M. Gregor, both of Jackson, plighted their troth in holy wedlock in the presence of the officiating clergyman, Rev. John E. Shea, Mrs Shea and John Mitchell. Mr Jewell, a native of England, is now a popular young resident of this city while Miss Gregor is one of California's most charming native daughters. As soon as the happy young couple return from their honey-moon trip through the state, they will make their permanent home in Jackson.

Booster's Dancing Club

Booster's Dancing Club will give another grand ball in Love's hall. Jackson on Saturday, July 23 for the benefit of Jackson grammar school. Patton and Springer's orchestra have been engaged, and it is needless to say that the music will be up to the standard. The committee in charge of the society have spared no efforts to make the event the best they have thus far attempted, and it can be assuredly said that the ball will be about as grand an affair as the town has ever held.

Lemon Social

The ladies of St. Augustine's guild held a lemon social last evening that was largely attended and proved a most enjoyable occasion. Various contests were held and excellent singing enjoyed. The proceeds of the evening will go toward purchasing electric fans for the Episcopal church.

Statement of Fight

Sheriff Gregory informs us that his reason for not arresting Walter Scott on the night of his fight with Milaslovich last week, was owing to the fact that he had, in the presence of several others, seen and heard the Austrian antagonize Scott and he thought Scott acted on the defensive, and in no way laid himself liable to arrest.

Entertainment Postponed

On account of the extreme hot weather, and so many being out of the city, those in charge of the entertainment planned for the Methodist Church thought it best to postpone the entertainment until August 27th.

SUICIDE BY TAKING ACID

Young Italian Despondent When Betrothed Jilts Him Takes Life

Gianni Simi, 21 years of age, a native of Lucca Italy, committed suicide last Monday, by drinking the contents of a one ounce bottle of carbolic acid at Botto and Pigeo's saloon north Main street, near Jackson Gate, where he had been boarding.

The suicide was engaged to be married, it is claimed, on August 1st. However, Miss Albina Davalle, his intended fiancée, claims the ceremony was to have taken place the Sunday coming. Both parties had all arrangements made for the wedding ceremony. They had visited Ginocchio's store and made purchases, which were wrapped and stored back of the counter waiting some one to call for them, they also visited the Red Front and Giovannoni's and purchased various things to help outfit the new place of residence. At White's furniture store a complete set of furniture was ordered.

On Monday morning Simi entered White's furniture store, and told the proprietor he wanted his order cancelled, and wished to get his deposit on the same returned. He explained to White that his girl would not marry him at the last minute and added, "I feel very bad, I don't care to live any more."

Simi had ordered a suit of clothing at Cuneo's store and he also cancelled this order. He invited several friends to drink at the Last Chance saloon, and also at the California hotel. He visited A. Scatena, a cousin of his fiancée, who lives directly opposite his intended's home on Bright Avenue, and then left for his home, arriving shortly before 3 p. m. After taking several bundles up to his room, he returned to the back room and told Charles Botto, one of the proprietors of the place, that he had taken poison. Botto not believing what his boarder was telling him laughed at him and said he was crazy; walking away, but Simi again declared he took poison and gasped, as he fell to the floor, "Call the doctor." Botto realizing that something was wrong, hurriedly called Dr. Gall and then tried to fill the victim with whiskey and sweet oil, but the unfortunate man's throat was so badly swollen that he was unable to swallow anything.

Dr. Gall arrived as the suicide breathed his last.

Miss Davalle when seen at her home on Bright Avenue directly after the affair, was on the verge of collapse, and sobbingly told of how her lover had on a number of occasions threatened her and himself. She declared he was of an extremely jealous temperament, and objected to her even conversing with male friends. She said he had seen her only the night previous and had promised her he would call again on the day of his fatal act. However, he did not show up and as she and her mother sat waiting for him to appear, news was brought them of the tragic ending of his life. Both mother and daughter seemed greatly grieved over the sad and sudden death of one who was about to become a member of the family, as the daughter declared she would have married him had he consented to have the ceremony take place on the coming Sunday. Simi however, objected to the date, insisting upon having the ceremony held on the first of August.

At the examination held in super-visors room at 9 a. m. Tuesday, July 19, Dr. Gall testified of finding the victim in a dying condition, as the result of having swallowed carbolic acid in the bar room of Botto's saloon on north Main street, just below the Greek church. Botto, one of the saloon proprietors was next called and testified of the victim's dying condition, he said Simi boarded with him several months, and appeared to be a fine fellow. He also told of the deceased's resignation at the mine, and asserted he did not know where the poison was obtained which destroyed the young man's life, he also declared that he never knew the man to drink excessively. Geo. Gionietti was sworn and testified he was living at the Kennedy boarding house, and employed by the Kennedy mining company. He asserted that the deceased was a first cousin to him, aged 21 years, born in Italy, he said his deceased cousin told him Sunday night he intended leaving

COMEDY WAS VERY GOOD

Entertainment Enjoyed By All Those Who Attended

The three act comedy entitled "Brown's in town," given at the local theater by home talent, warrants us to say that Jackson's local theatrical talent ought to be held together in some manner, by organizing a dramatic society of some sort, in order to give this city an entertainment occasionally such as was produced on Saturday night.

The play itself carries an excellent reputation as a drawing card, in all the larger cities in the United States, running for 8 weeks consecutively in New York and the same number of weeks in one of San Francisco leading theaters.

All considering the show was good. It was a difficult play to stage, and the parts extremely confusing, keeping the audience throughout the entire program anxiously awaiting each part as it was produced.

R. S. Bierce, handled the character of Dick Preston, with deliberate ease, notwithstanding the fact that his part as leading man was a difficult one. Harvey Mason, as Able Preston, Dick's father, was well acted and enjoyed. Mason makes up well in an old man's character. Wm. Penry Jr., as Arthur Howard, a dentist, deserves much credit for the exceptional manner in which he handled his part. T. A. Hedgepeth, characterized Worth Carew, a gentleman of leisure, and Frank Valvo took the part of the gardener. The part of Freda Von Hollenbeck, a German Heiress, was acted by Mrs R. S. Bierce. Her make up was typical and her part very well rendered. Lettie, Dick's wife, was taken by Hazel Green. Miss Green is very graceful and pleasing on the stage, and is becoming popular to her Jackson admirers. Her sister Ethyl took the part of Susan Deare, who knows a thing or two, and although she had about the most difficult part in the show, we must say she was about the best character on the stage. Mrs J. J. Wright as Primrose Johnson, the lady cook was also well acted, and on the whole the show was as stated by this paper about the best ever produced by local talent.

A social dance followed the entertainment, which all were cordially invited to attend. Lodi's orchestra furnished the music for both the play and dance.

Mine Stock Quotations

Amador county mines are the only mining properties in California that now figure on the San Francisco stock board. The stock of five mines are called almost daily, namely: Argonaut, \$2.75 per share asked; Bunker Hill \$5 per share bid; Centra Eureka, 70 cents asked; Kennedy, \$11 per share asked; South Eureka \$4.50 bid, \$5 asked. This shows the interest of investors in the deep mines of this county. With the exception of the Central Eureka, all the mines above mentioned have been on the dividend paying list, disbursing large sums per month to the stockholders, and are likely to continue to do so for many years to come.

Birthday Party

A very enjoyable birthday party was given by Miss Theresa Leonasio, the 18 year old daughter of Mr and Mrs Peter Leonasio, who reside in Scottsville, last Tuesday evening.

The large crowd enjoyed themselves by playing various games, and holding a drawing contest. Carrie Giannini carried off the first prize, and Miss Dena Vigna won the booby prize. Music was also part of the evening's program, after which delicious refreshments were served. Following is a list of those present:

Misses, Madge Sanguinetti, Hilda Sanguinetti, Mamie Quirolo, Frances Garbarini, Martina Genolio, Dena Vigna, Julia Foppiano, Katherine Fierrari, Ethyl Clark, Gertrude Garbarini, Carrie Giannini, Julia Vigna, Elsie Belluomini, Carrie Leonasio, Theresa Leonasio, Mrs Emil Marcucci, Mrs Virgilio Belluomini, Mrs Angelo Marcucci, Mr and Mrs Pete Leonasio; Messrs, Henry Murphy, Ben Cromer, Mryon Matson, Dick Oulds, Gus Laverone, Arthur Maloni, Dick Williams, John Botto, Nick Quirolo and John Genolio.

JACKSON WINS GAME

Local Team Has Line Up That is a Credit to Foot Hill City

Jackson's base ball team went to Angels Camp Sunday last and carried off the hardest contested game they have thus far played by a score of 5 to 4 in the home team's favor. Jackson carried with them about the best material available. The team left Jackson at 5 a. m. Sunday morning one carriage was compelled to put up, their team at San Andreas, owing to the giving out of a horse. A new team was engaged and the players arrived at their destination about 11 a. m. at 2:30 p. m. the game was called, and from the opening inning up to the close of the game, it was a continuous round of intense excitement. Jackson not being able to score up until the 7th inning, when 2 runs were made, in the 8th inning 3 more runs were piled up.

Steel, former pitcher for Sutter Creek played left field and pitched, and the score sheet speaks for itself as to the valuable part he took in the game, 1 run, 2 hits, 1 put out and 1 assist, with no errors. There were only three players who had no errors in the game, Mason, Cromer and Steel, yet with all the team work, over came the 12 errors piled up by the rest of the team, owing to the steady stiff work they were encountering at the hands of the Calaveras team.

Cromer played his old style ball, 1 run, 1 hit, 10 putouts 1 assist and no errors. Love did his part and each of the other players covered their positions in a most creditable manner. Captain Huber was in charge of the party, and was about the best pleased baseball player in Amador county when he returned with the opponent's scalp. Ben Spagnoli, the team's manager, was unable to attend the game.

Continued on page 5

New Bandmaster

Prof. A. S. Moore of Berkeley arrived in Jackson last Saturday, and was received by a committee representing the Jackson military band and taken around the city and introduced as the new bandmaster. Prof. Moore has had his musicians working hard each practice night since, and at the coming Saturday evening concert, a fine entertainment can be expected. Moore it is reported, is an excellent violin and cornet player, and handles both band and orchestra music with entire satisfaction to the most skeptic musicians. He is also a piano tuner and expects work along that line, in order to help him defray his expenses while in Jackson. Several students it is reported will undergo a course of instruction with him, and it is to be hoped he can be shown inducements to remain here. Moore is rooming at Mrs Francis home on Broadway.

Following is the program for the band concert to-morrow evening, July 23, from the porch of Love's hall:

March, "Thundercloud," F. H. Losey; selection, "Bohemian girl," Balfie; caprice, "Garden of Love," Mahl; waltz, "Discovered Love," Geo. Marsh; Intermission; barn dance, "by the light of the silvery moon," Edwards & Smith; Spanish serenade, "Anita," Thos. S. Alken; Ov. "Superba," Dabily; rag novelty, "Cubanola Glide," Von Tilger; A. S. Moore, director.

Get a Chemical?

Jackson's fire department is in bad need of a chemical wagon. The city can with little reasoning and figuring, and with proper inquiries, learn where an appliance of this kind would in a short time more than pay for such an investment. Sutter Creek leads us in this step, by providing its department with a chemical that will afford property owners more security and lesson the dangers of calamity.

It would shudder anyone to conjure the results of a fire breaking out in Jackson on a day like yesterday, with no water in the city and no possible way of getting any supply down town, and a fair breeze blowing.

Position at Depot

Whitney Rust, son of the late Judge R. C. Rust, came up from Berkeley, early this week, and will take a position as clerk at the depot of the Amador Central railroad at Martell.

MINE NEWS ALONG LODGE

Interesting Accounts of Mines Located In Amador Co.

Argonaut

The directors have decided to suspend the dividend payments temporarily. The stockholders were notified to that effect early this week. A monthly dividend of 5 cents per share has been paid regularly for some time, on the 20th of the month. The suspension notice was sent out before the 20th, so stockholders take it that there will be no payment this month. The ore bodies in the lower levels have developed in size, but the quality of the ore has declined. In addition to this the litigation with the Kennedy Extension Company, has involved heavy expense in defending the suit. While the outlook for the mine was never brighter, it was thought advisable to quit paying dividends for the present. It is not yet decided when the big damage suit will be brought to trial.

Bunker Hill

Dividend 49 was paid on the 15th, of 5 cents per share, amounting to \$10,000. Since the company started the payment of dividends near four years ago, not a month has passed without the stockholders receiving a check. At first the dividend payment was at the rate of 3 cents per share, then four cents, and finally 5 cents per month as the regular distribution. Frequently an extra dividend has been declared. During the past six months \$80,000 has been paid to the stockholders. A printer's error crept into our last report. We were made to say that the running expenses for the last half year were \$80,000, whereas that sum was the aggregate of the dividends paid. The running expenses were \$62,756.96 for the six months ending June 30, 1910.

Mother Lode League

Jackson's new baseball captain, Huber, is using his influence to start a "Mother Lode League," baseball organization, comprising Placerville, Plymouth, Amador, Sutter Creek, Jackson, and Angels Camp. The little rustler has as many of his Jackson 9 on the diamond each day as can be present, and a hard practice game is gone through.

Sunday next he has the following good line up, to meet Angels Camp. Fortner, catcher; Vela, pitcher; Cromer, first base; Love, second base; Skelly, third base; Huber, short stop; Mason, left field; Steel, center field; Rust, right field. At a glance the line up shows to all the attendants of the game that very little improvement could be suggested as to the line up, and we don't hesitate to say with our old third baseman back on his place, the local team will easily repeat last Sunday's showing at Angels Camp.

Given a Surprise

A most enjoyable surprise party was tendered Mr and Mrs Joseph Ratto at their new home on Broadway Tuesday evening. The guests assembled about 8 p. m. and music and games were enjoyed up until a late hour. The following guests were present:

Mr Rainsford, Mr and Mrs Geo. Vela, Mr and Mrs Bierce, William Penry Jr., Joe Phelps, Mr Scott, Mr and Mrs Fred Eudey, Esther Turner, Maud McGary, Annie Love, Earl Vela, Ed. Kay, Hazel Green, Harvey Mason, Frank Valvo and Cleveland Jones. After the party had thoroughly enjoyed themselves a report was spread that Julius Picardo was married at Angels Camp Sunday last, whereupon the entire party started for Julius' place of residence to serenade him. They could not find him however, and so proceeded to the home of J. Wright, on Court street. Mr Wright was given his share of good will and best wishes, and William Nettle was next visited at his home on Court square. The party finally separated after singing a few songs about 12:30 a. m., near the National hotel.

Visits Amador Lodge

Judge Woods, accompanied John L. Childs, judge of the superior court of Del Norte county, Cal., and several others drove over to Amador City Tuesday evening to attend a meeting of the Knights of Pythias.

THE PARTY TICKETS.

The time for filing petitions for party nominations expired last Saturday. The last petitions filed for a place on the printed ballots were by Geo. W. Lucot, democratic aspirant for sheriff, and E. P. Smith, republican candidate for county surveyor. So the book is closed, and cannot be reopened for further entries. In the complete list of candidates who have filed in this county, it will be noticed that it is far from complete as far as state offices are concerned. For instance, of the five candidates for governor on the republican side, only two—Curry and Anderson—have filed petitions here. Amador is a comparatively small and sparsely settled county, and a number of candidates have found it convenient and easier to get the requisite number of signatures in other sections. For county and township offices the list is finished, and ready for the sifting out process at the hands of the party voters on the 16th of August. Only the two great political parties—republican and democratic—are represented locally, although three or four others will have a place on the primary ballot. There are a couple of vacancies in the county ticket on either side. The republicans have no candidate for county clerk, nor yet for supervisor in township five. The democrats are short on school superintendent and county surveyor. In contests, the republicans have a small controversy over coroner and public administrator. This is a mere zephyr compared with the hurricane that is shaking the democratic craft on the proposition of the rival candidates for sheriff.

Township 5 seems to be a very harmonious family. It has the distinction of being the only division of the county where there is no contest in sight for township offices. The three incumbents—republican justice and democratic supervisor and constable—are left with their right of continued possession of their respective offices unchallenged, so far as the present outlook indicates. In townships two and four there seems to be a disposition to allow the justices of the peace to pass up to the voter with only one candidate on the ballot. For the rest of the positions there promises to be a lively scramble.

FILLING VACANCIES.

Under the direct primary law the matter of filling vacancies on a party ticket is not clearly understood. Under the old convention system the central committee of each party was authorized to fill vacancies, whether left intentionally by the nominating convention, or occurring afterward by resignation, removal or other cause. The primary law, however, materially curtails their power in this regard. Up to the primary election the nominations are left entirely in the hands of the party voters. Any vacancy on the ticket up to that time can easily be filled by writing the name of some person in the blank space left for that purpose. Even on the state ticket and congressional tickets vacancies have been left to be filled in by this method. And no minimum limit has been fixed as to the number of written names necessary to constitute a nomination. A few names are just as efficient as many. This pencil nomination process is one to be handled with caution, and with the consent of the individual who is selected as the intended nominee. To force a person on the ballot in this way, without knowing beforehand whether he will accept the position is a dangerous proposition, more apt to injure than benefit the party resorting to it.

The county central committee is expressly authorized by the primary law to fill any "vacancy that may occur after the primary election." This implies that the committee has no control whatever over failures of the party voters to fill the ticket. Vacancies that pass the primaries unfilled must remain unfilled. But in case of a vacancy arising by the removal or disqualification of a candidate regularly nominated at the primaries, the central committee is authorized to fill such vacancy. That is a necessary and proper power to be confided to the committee, but to extend it so as to include vacancies under all circumstances would be an unwarrantable stretch of authority, virtually defeating the vital principle of the direct primary law.

SCIENTIFIC MISCELLANY

Reported weekly for the Ledger.

For Battles at Close Range—Connected Weights and Measures—Europe's White Coal—A New View of Magnetic Storms—The Earth's Nucleus—Tantalum Tools—Aids to Air Navigation—A New Skating Surface—Belting of Paper.

The hand-grenade, the use of which was revived in the Russo-Japanese war, has been greatly improved by F. Marten-Hale, an Englishman in a shell that can be fired a quarter of a mile from a gun or thrown by hand at short range. A charge of tonite, a safely-handled but very powerful explosive, is inclosed in the annular space, between a steel tube $5\frac{1}{2}$ in diameter and a much smaller inclosed tube. To the fixed plate closing one end of the shell can be screwed a rod 10 inches long, to be inserted in a rifle barrel, and to the other end a detonator, with fulminate cap, is screwed just before use. A ring of 24 segments fitted on the shell near the detonator end adds 24 projectiles to the fragments of the grenade on explosion. In an experiment at Vienna, 223 fragments were collected after explosion; and in a test by the Spanish Government, 90 dummy soldiers were arranged in a circle, 150 feet in diameter, when a single grenade "killed" 9 and "wounded" 47. The grenades, perfectly safe to carry with detonators removed, may serve also as cartridges for destroying bridges, walls, etc.

A scheme for a British scientific system of weights and measures—embracing one of the best features of the metric system—has been suggested to Thomas Parker, of Ironbridge, Salop, by the striking discovery that 1 cubic inch of water at 50 deg. C., 122 deg. F., weighs exactly 250 British standard grains. Without change of values, therefore, he proposes to make 1 inch the unit of length, 1 cubic inch the unit of volume, and 1 "inch-weight" the unit of weight. A "Q" weight of $\frac{1}{4}$ grain is added for convenience. The avoirdupois pound being 7,000 grains, we have: 1 "Q" equals $\frac{1}{4}$ grain; 1,000 "Q's" equal the "inch-weight"; 4 "inch weights" equal 1,000 grains; 28 "inch weights" equal 1 pound.

The actually available water-power of continental Europe is placed by a German estimate at 36,000,000 horsepower. Of this more than 14,000,000 is in Sweden and Norway, 6,000,000 in Austria-Hungary, and 5,500,000 each in France and Italy.

The theory that sunspot activity sets up magnetic storms on the earth by a bombardment of negatively charged electrified particles is not confirmed by Dr. L. A. Bauer, who finds instead that Roentgen and ultra-violet rays from the sun give increased activity to earth currents already existing. Examination of the records of observatories showed that magnetic storms do not begin at absolutely the same instant of time all over the world, as was supposed. The storms instead progress around the earth, the feeble ones making the complete circuit in three or four minutes, while those strongly affecting the compass may take half an hour or more to get completely around. Besides the electrified particles coming from the sun, there are radiations that do not carry electric charges. Both Roentgen rays and ultra-violet light make the air a better conductor of electricity, or "ionize" it, and the observations seem to indicate that the magnetic disturbances are due to this action, setting in motion electric currents brought about by the atmosphere cutting across the earth's lines of magnetic force. As the currents get lower down in the atmosphere—more strongly affecting the compass—their velocity is checked.

The current idea that the earth's interior is solid steel is rejected by a French geologist, who concludes instead that the nucleus—the mass below a depth of 40 or 50 miles—represents mixed matter in a state beyond the solid. This would give us four states of matter—the meta-solid, solid, liquid and gaseous. It is argued that if the nucleus were steel, some of it would have reached the surface as pure iron in the millions of years of volcanic activity, but pure iron does not occur in volcanic products, and the proportion of iron is small. Another late suggestion is that the nucleus consists of a heavy element or elements that transforms itself into the elements of the crust as the pressure lessens toward the surface.

Tantalum dental instruments, now made in Berlin, are claimed to have important advantages over steel. They are harder, can withstand a temperature above 750 degrees F., are not affected by acids and bases, and retain

their polished surfaces when exposed to the air.

The problem of night signaling for airship routes and harbors is already receiving serious attention in Germany, and plans have been proposed for a systematic network of stations to extend over the entire Empire. Towers with searchlight projections serve well in clear weather. The lighthouse at Spandau in Prussia is the initial experiment and consists of an elevated support carrying an immense horizontal wooden ring, around the circumference of which 38 powerful incandescent electric lamps are placed at equal distances. An automatic arrangement makes systematic interruptions of the current. This lighthouse makes Spandau recognizable at a long distance, but such stations fail when the airship is above the clouds, or in a fog where hours of aimless wandering may result before the landing place can be found. An Aix-al-Chapelle firm has devised a new method that is expected to serve as an effective guide. A captive balloon, carrying electric conductors, is sent up, and has attached to it a number of rubber balloons with internal electric lamps. The purpose is to take the signal lights above the fog, where the airship may go for observation. A hygrometer attached to the lighting balloon gives a signal when the upper limit of the fog is reached, and thus indicates that the light should be visible to airships.

The newly patented German substitute for skating ice is solid at summer temperatures, and is claimed to provide a floor for rinks over which ice skates slip as freely as over natural or artificial ice. The mixture includes magnesium chloride, alum, boric acid, soda and strontium nitrate, with fats or oils that can be emulsified with water. The composition can be laid in tiles several inches thick over a concrete or wood floor, the interstices being then filled with a hot saturated solution of the material, after which the surface is scraped. No expensive machinery is needed for maintenance, as with artificial ice.

Paper machine belting, an English product, is specially prepared and compressed, and it is claimed to be strong and durable, non-stretching, and unaffected by climatic changes and conditions. It is cut into links, the ends being punctured and fastened together by a wire rod.

FOR SALE.—430 acres of land, three miles from Volcano; nearly all inclosed with good barbed wire fence; 100 acres under cultivation; two acres of vineyard, 1 acre apples, with dwelling house, barn, and other buildings; plenty of water for irrigation; schoolhouse nearby. For further particulars, address O. M. Henry, Volcano, Amador county, Cal.

jr8—2m

One on Dad.

A stock broker who had his new 40 horse-power 1910 model automobile delivered to him the other day, decided to celebrate the occasion, the market being dull, says the New York Sun, by a run on the country roads.

To be on the safe side on his gasoline supply he decided to stop at a garage to have the tank filled. As it was being measured out he turned to his son, a sturdy chap of six, who had followed him inside the garage, to impress upon him the dangers of gasoline. Calling him by the name he said:

"You would go straight to heaven if I put a match to that gasoline."

Looking his father straight in the eyes he replied:

"And where would you go, dad?"

Work 24 Hours a Day

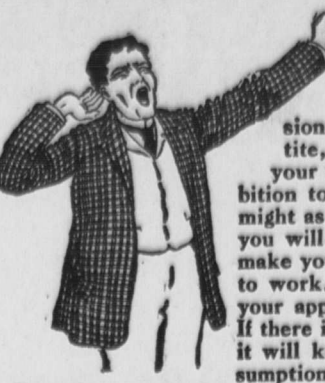

The busiest little things ever made are Dr. King's New Life Pills. Every pill is a sugar-coated globule of health, that changes weakness into strength, languor into energy, brain-fag into mental power; curing constipation, headache, chills, dyspepsia, malaria. 25 cents at Spagnoli's drug store.

Security

When your valuables are stolen you rarely recover them. Why not act wisely and insure yourself absolutely against loss by theft or fire by placing them in our Safe Deposit Vaults. A small sum each year will provide you with a box that can only be opened by yourself.

Call on us or write and let us tell you of the many ways this great Bank can be of use to you.

STOCKTON SAVINGS
AND LOAN SOCIETY
Stockton, California

Do You Feel This Way?

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your lazy liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about a cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice. Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good." Dr. Pierce's medicines are of known composition. Their every ingredient printed on their wrappers. Made from roots without alcohol. Contain no habit-forming drugs. World's Dispensary Medical Association, Buffalo, N. Y.

DONT HIDE YOUR MONEY
The man who hides his money
because he assumes to be afraid
of banks forgets that it was the
bank that perhaps made the pros-
perity possible which gave him
his money making opportunities.
Without the bank there would be
no large commercial or business
enterprises possible, salaries and
wages would be low, and money
making impossible. It is the
bank in the exercise of its func-
tion in gathering together the
funds of a community and putting
them into active use that has
brought prosperity.
To hide money is to hinder and
hurt prosperity by restricting the
circulation of money. Bring your
money to the bank.

SUTTER CREEK

July 22.—Mrs Edward Jones and Mrs T. H. Simmons attended the funeral of Mrs Mary E. Buffington in Jackson last Friday afternoon.

Mrs L. Lagomarsino and little daughter, and Miss Edith Daneri, left Wednesday morning for a couple of weeks vacation with relatives in Sacramento.

Miss Carrie Trudgeon is assisting in the post office, and answering the hello calls, during the absence of Miss Edith Daneri.

Elmer Tanner and brother-in-law, A. B. Harrison and Prof. Z. P. Smith of San Francisco and Berkeley, have returned from a brief fishing trip to the mountains. Prof. Smith returned to his home in Berkeley the first part of the week.

Geo. E. Allen has purchased the butcher business from Geo. M. Waechter, and will take charge August 1st. The retiring proprietor intends to devote his time to farming and stock-raising hereafter.

A new floor was put in the post office department this week.

Mr and Mrs Dickerman of San Francisco, are guests of Mr and Mrs James Cox.

Mrs H. Siebe and little daughter left Thursday morning, to visit friends in Oakland.

Joseph Quirrollo and Edward Frothingham, who had been visiting relatives and old associates since the fourth, left Saturday morning to visit relatives in Sacramento, prior to returning to their homes in San Francisco.

Miss Edith Harmon, who has been visiting her cousin, Miss Amy Pharis for several weeks, left Saturday morning for her home in Eureka, Humboldt county.

Mrs Frank Soracco and two children and mother, Mrs Brignoli, left Monday to spend a few weeks of the summer days in Pacific Grove.

Automatic Drill Chuck

J. C. H. Vaught, the inventor of an important labor saving device known as the "automatic drill chuck," has been in Jackson and other parts of the county during the past week, endeavoring to awaken an interest among mining men in his invention. The invention consists of a device for the automatic and instantaneous change of machine drills. Anyone conversant with mining operations will realize what an immense improvement this would be over old methods, which involve much loss of time in changing drills. The time thus saved is estimated to be worth from \$1 to \$1.50 per day for each drill used. The invention is secured by patent, and has been practically tested at the Argonaut and other mines. Its value is highly spoken of by those who have tried it. A company has been organized under the laws of Arizona to introduce the chuck generally and to manufacture it on a large scale. Mr Vaught is anxious to dispose of stock or patent rights to raise money to place the contrivance on a solid working basis. And it seems to us the matter well worth looking into.

Napoleon's Grit

was of the unconquerable, never-say-die kind, the kind that you need most when you have a bad cold, cough or lung disease. Suppose troches, cough syrups, cod liver oil or doctors have all failed, don't lose heart or hope. Take Dr. King's New Discovery. Satisfaction is guaranteed when used for any throat or lung trouble. It has saved thousands of hopeless sufferers. It masters stubborn colds, obstinate coughs, hemorrhages, lagrippe croup, asthma, hay fever and whooping cough and is the most safe and certain remedy for all bronchial affections. 50c. \$1.00 Trial bottle free at Spagnoli's drug store.

VOLCANO'S TOWN NEWS

D. A. Fraser, R. Deacon and Mr and Mrs Fred Rabb, who went fishing in the mountains, passed through here Monday on their return trip to Sutter Creek.

Mr and Mrs C. Gillick of Tiger Mill, accompanied by Miss Stella Wickham of West Point, are visiting relatives here.

The theatrical troupe billed to appear at Volcano, July 19th, returned to Jackson Tuesday, from Pine Grove, on account of the illness of one of the members of the company.

L. Cassinelli has returned from a trip around the bay cities, where he has been visiting with relatives.

Miss Mae Aratta of New York, is visiting friends at the hotel St. George.

Miss Edna Scott of Ione, is here visiting with relatives.

Mountain Rosebud.

Declared Insane

Boitesta Moise, a young Italian was examined as to his sanity yesterday afternoon, by Drs. Endicott and Gall, and declared insane and committed to the insane ward at the county hospital.

Moise came to Jackson Sunday last and visited the Catholic church where he offered up long prayers. Notice was sent to ancient order of Druids, to which society young Moise is a member in good standing. The society sent the unfortunate man to the sanitarium at Sutter Creek, where he was kept three weeks. Sheriff Gregory was notified that nothing could be done to improve the patient's condition, and the sheriff thereupon notified constable Tuttle to bring the man back to the county jail. The victim is not violent, neither does he appear to be religious fanatic. He is a well developed young man and appear normal, but for his queer actions. He was committed to Stockton, and taken to the asylum there this morning by sheriff Gregory.

Deafness Can not be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars or any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best

PINE GROVE LOCALS

July 21.—Dr. P. B. Aiken and wife have been on a fishing trip to the mountains.

E. F. Walker is spending a few days with his parents this week.

The Oldfields Comedy Co. gave a show here on Monday evening, which was quite well attended.

Miss E. M. Walker is visiting Mrs J. W. Davis this week.

Mrs. Wm. Hipkins, and Mrs C. Daugherty, were over from Tabebu Sunday, and spent the day with Mrs C. C. Luttrell.

C. W. Gobbi and wife with relatives from the city have gone to the mountains on a fishing expedition.

Buela.

Hospital Improvements

Improvements are still in order at the county hospital, a new tank has been installed in the attic of the building, which is used in furnishing water to the institution, in case of emergency, or in case the reservoir or pipe lines are undergoing repair, as was the case yesterday.

The hallway leading from the main building into the dining room was completely rotted away, and here a new cement floor was laid, making a lasting as well as a sanitary floor as long as the building stands.

A new roof and spouting is also nearing completion. A cement step is being built in the rear of the building leading from the hall of the dining room into the back yard, this takes the place of a decayed porch. The improvements will be a great saving to the county in future years, as the cement foundation will last indefinitely.

Unclaimed Letters.

Letters remaining unclaimed in Jackson Cal. post office for the week ending July 22:

Joe Bacigalupi, Mrs Henry Carry 4, Pietro DeNevo, Resino DiVecchio, P. Elmer, F. A. Gaffney, Gust E. Hankel, T. A. Kell, Niklo B. Kovacevich, Otto Johnson, Dave Moglia, Mrs Melinda Parker, D. B. Reeves, A Rickard 2, Henry Schacht, Savo Pica, Irving Simmondo, William Broderick.

AMADOR BRIEFS

July 21.—We are suffering from a terrific heat spell.

Mrs E. A. Hambley returned from San Francisco Sunday. She says the climate is very cold.

Mr Deaner has gone to the city on business.

Miss Edna Kelly was a visitor in this city Saturday.

Mrs Warder and young daughter were here on Saturday visiting relatives.

Amador will be lonesome when the merry-go-round leaves, as most of the young people have enjoyed themselves there the last two weeks.

Miss Nellie Arnerich returned home a few days ago, after a few weeks in San Jose. She has been in poor health.

Primrose.

Hair Goods

Mrs Janette Pierson, representing Walscott sisters now located in new Hotel Land, corner 10th and K. street, Sacramento, is in Jackson with a fine line of hair goods, switches, janes, pompadours, curls, puffs, etc., for a few weeks at Mrs Jas. Harris, Broadway street. Intrust your orders to her and receive our prompt attention. To our many Amador county friends let our store be your headquarters when in Sacramento, Cal.

On Visit to Jackson

Miss Ila Green of Stockton, who is spending several weeks vacation with her niece, Gertrude Green, daughter of Mr and Mrs Geo. Green, who reside on Court street this city, will leave for her home on Sunday. Miss Green attends the Stockton high school and is a very charming and affable young woman. She leaves a score of new acquaintances in Jackson, who wish her all the success that can attend her.

McCoy On Trip

Bert McCoy, the live real estate agent of Jackson, has been visiting Placer and Nevada counties the past week, also the state of Nevada. He is pleased with the business outlook here and is doing all he can to awaken an interest in real estate matters in this county. In Placer county he finds the price of land much higher than in Amador. It needs the boosting spirit, persistently displayed, to draw attention to the advantage of this foothill region.

Valuable Horse Died

The Union livery stables had the misfortune to lose another valuable horse on Wednesday.

PLYMOUTH LOCALS

July 18.—Mrs Carrie Robinson of Sacramento is here visiting her mother, Mrs Summers.

At the last meeting of Native Daughters, Miss Mabel McFarlane was initiated.

Mrs Bacon of Ione was here last Friday evening to install the officers of the Rebekah lodge.

Gabriel Roose has returned from a visit to the city.

Charley Slager of Goldhill, ElDorado county, is visiting relatives of this place.

Dick Lyons of Oakland is spending a few weeks here.

The Burke and Jameson thrashing machine commenced work this morning.

Mr and Mrs Tom Sharp are quite sick.

Mr and Mrs Al Dugan spent Sunday visiting relatives at Latrobe.

Lee Miller started a stage line between here and Jackson this morning.

John Tibbetts and Tom Burke went deer hunting Sunday, and came home with two very nice ones.

Bert Packard and wife have moved to town.

Louie Kahn, who has been employed here, has returned to his home in San Francisco.

Herman Goffinet of Aukum was a visitor in town last week.

A stork visited the home of Mr and Mrs Will Butler this morning, and left a dear little baby boy.

Mrs Lottie Liddicoat was entertained at the home of Mrs. Bonnefoy last Thursday.

Jabe Ninnis jr., left this morning for a pleasure trip to the mountains.

Webb Smith of the Kennedy mine of Jackson, was in town to-day.

Mrs J. E. Walton and children left this morning for Grizzly flat.

Mrs F. Miller visited relatives at Amador City to-day.

Mrs Hazel Chichizola, who has been visiting her mother, Mrs L. Griffith, has returned to her home in Amador. Maybe.

School Apportionment.

State superintendent of schools, Edward Hyatt, has made the second semi-annual apportionment of school moneys for the year 1910. The total amount apportioned for primary and grammar schools, is \$1,546,004.72. Of this amount Amador county receives as its proportion \$7,805.20, on the basis of an average daily attendance of 1235 children. The state apportionment for high schools for the six months is \$192,848.83. Of this sum there is set apart for the Ione union high school the sum of \$408.89, on the basis of an average daily attendance of 60 pupils.

The total cost to the state treasury for the support of primary and grammar schools for the past year was \$4,615,349.36, or an average of \$10.16. The high schools cost the state treasury the sum of \$389,984.70, or an average of \$9.46 for each pupil. The aggregate amount apportioned by the state for common and high schools for the past year was \$5,005,334.06. The county superintendent of schools will apportion Amador's allotment of school money to the various districts this week.

COPPER HILL HAPPENINGS

July 19.—E. E. Ekel of Plymouth, was a visitor here on Tuesday last.

Miss Eva Kendric went to Latrobe on Tuesday last to visit Miss Edna Holt, returning again on Thursday. Miss Edna accompanied her home.

Mr and Mrs Ferd Malone are the proud parents of a fine baby girl, born on Monday July 18th. The little Native Daughter weighed 10 lbs.

Miss Gussie Thompson and Mrs Frank Mann, took a horse back ride to Latrobe on Monday.

Miss Grace Roberts, who has been visiting her parents here, has returned to her home at Nashville.

A social dance was given at Ferd Maylone's on Friday last, and was very well attended.

Mr and Mrs Joe La Fontain, and Henry, Fred, and Stella Kreth, have gone to the Campini range for an outing. They intend being gone about 2 weeks.

Mr and Mrs Frank Mann made a business trip to Drytown on Sunday last.

Mr and Mrs Geo. Penter and little daughter Viola, were the guests of Mr and Mrs Chas. Walton last Sunday.

Dr. W. A. Norman, accompanied by his brother Ed Norman of San Francisco, made a flying visit to Copper Hill last Sunday.

Mrs Geo. La Fontain of this place, who has been visiting relatives at San Rafael for some time past, has returned to pack up and remove her household goods to San Rafael, where her husband has secured employment. She was accompanied by her sister, Miss Johnson.

Miss Jessie Word of Latrobe, was a visitor here Sunday.

Miss Alta Barney, Mrs W. D. Duke, and Chas Trelease from near Latrobe, were the guests of Mrs Downing on Sunday last.

Miss Sophie Taylor has returned from Stockton, where she went to take the teachers' examination. We are glad to state that she has received her certificate which entitles her to become a teacher in public schools. At present she is staying at home here with her parents, looking for a vacancy in some school.

A "Weary Willie" dance is to be given Tuesday night, as a farewell party to Mrs Geo. La Fontain, who leaves Wednesday morning for San Rafael, where she will make her future home.

Carl Noe of Plymouth, accompanied Artie Wilds on his trip here on Monday.

Miss Mary Nessing was the guest of Mrs Kendric last Sunday.

Buster Brown and Mary Jane.

Free Concert

Homer V. Oldfield and wife and a young man named Harry Lloyd arrived in Jackson on Monday morning and tried to engage the moving picture hall for the evening in order to give a few vaudeville selections. The trio were quite adepts with the banjo, and after learning that they could engage no suitable hall, they decided to hold a free concert on the street. The banjo playing was immensely enjoyed, but the jokes were all taken from the ark. They took up a collection at the conclusion of their performance, which is said to have netted them about \$3.

Mrs Oldfield was quite ill while she was stopping in Jackson, and a physician was summoned. The theatrical aspirants it seems had enough cash left to pay their passage out of Jackson on a stage.

A Long Ride

Andrew Thomas and wife, a resident of Idaho, together with a young man from the same state made a journey to this city in a covered wagon, arriving here on Monday evening last. Thomas comes here with the intention of settling. He got into communication with the Jackson Real Estate company while in Lake View, Oregon, and upon arrival here, proceeded directly to the Real Estate office, where he made himself known and received a cordial welcome to the foothill city.

Plymouth Stage

A new stage line has been started between Plymouth and Jackson, and is under the management of C. L. Miller. The stage leaves Jackson daily at 2:00 p. m. for Plymouth, and leaves Plymouth at 7:00 a. m. bound for the county seat. This line is much needed and there is no question it can be put on paying basis if proper and courteous treatment is accorded all who patronize it. The trip consumes three and one half hours including stops at each of the intersecting towns.

BLOOD TELLS

Good blood tells, they say, and bad blood certainly does. Poor or disordered blood tells its own story in lowered vitality loss of energy, in skin eruptions, in rheumatic pains and in a pallid or sallow appearance of the complexion. This is the season of the year when the blood is most apt to be disordered. Take

Ruhser's Compound Extract of Sarsaparilla

It purifies and enriches the blood, It cures boils, pimples and other skin troubles. It expels rheumatic poison from the system. It builds up strength and energy.

Price, \$1 for full Pint Bottle

JACKSON CITY ITEMS

Continued from Page 1

J. F. Wilson, Dentist. Hours 9 a. m. to 5 p. m. Phone—Office, Main 75; residence, black 394; Jackson.

Mrs Frank Podesta came up from the city for a few days. She has been with her husband in the city, he being under medical treatment. He is reported to be somewhat improved in health. Mrs Podesta will return to the city in a few days.

"Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock blood bitters cured me."—J. H. Walker, Sunbury, Ohio.

A party of tourists left this city Monday morning bound for the mountains. They were Mr and Mrs Hedgpeth, Mrs Wm Penry jr., and Mr and Mrs T. J. Burrow. They will go to Silver Lake, Kirkwoods, and other resorts in that region.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' electric oil constantly relieves the pain—quickly cures the wound.

At the moving picture show the attraction of singing by Cleveland Jones, and accompaniment by Mrs Hedgpeth, has been discontinued. The intense heat has seriously diminished the attendance, and the extra expense of keeping up these attractions was too much for the management.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics grip, sicken, weaken the bowels and don't cure. Doan's cathartic oil gently and cure constipation. 25 cents. Ask your druggist.

F. W. Ruhser, proprietor of the City Pharmacy, made a flying trip to the Capital City Saturday last, and returned to his home Monday evening.

G W Weller has secured the services of Fred Friswell, of New York, who is a capable plumber and sheet-metal worker. Estimates will be furnished on such work on these lines. Give us a call.

The world's most successful medicine for bowel complaints is Chamberlain's colic, cholera and diarrhoea remedy. It has relieved more pain and suffering, and saved more lives than any other medicine in use. Invaluable for children and adults. Sold by all dealers.

W. B. Morrish of Berkeley, who has been visiting the Rev. Thos. H. Nicholas, returned to his home yesterday, and was accompanied by Miss Winnifred L. Nicholas, who will visit friends in Berkeley for a few weeks. Mr Morrish is a brother of Mrs Nicholas.

The A. Van der Naillen School

of Practical Civil, Electrical, Mining Engineering

Established 1864

Complete, their own building, workshop and laboratories. Great demand for students in all lines. Now students should enroll at once. Address 81st St. and Telegraph Ave., Oakland, Cal.

JACKSON WINS GAME

Continued from page 1

Next Sunday Angels Camp will play a return game at Jackson and the home team's line up is reported will be about the same as was last Sunday.

The Angels team will be brought over to Jackson on Saturday night, in order to be able to attend the grand ball given by the Booster's Dancing Club of Jackson, and will be the guests of the Jackson team until after the game Sunday afternoon when they will return to their home town.

The ball game between Kennedy and Sutter Creek at Zeila Park last Sunday was entirely too one sided to be interesting as the score up to the 7th inning stood 17 to 3 in Sutter Creek's favor. In the last inning, however, Kennedy piled up 8 runs and with the other scattered runs totaled a score of 14 to 20 at the final, in Sutter Creek's favor.

There was a very sensational home run batted by the captain of the Kennedy team, McNeil. The ball flew across the road in right field, and landed in the wheat field opposite the ball grounds. This player is material that Jackson's first team should be using. He has a record now of 7 home runs in 9 games played, and is a beauty pitcher and a star on 3rd base.

Sutter Creek's 5 foot 2 inch pitcher, named Boro, is a little wonder, and works very hard, compelling Kennedy to use 3 pitchers against him. Following is the score:

Kennedy		Sutter Creek

Install Officers

Tuesday evening the Women of Woodcraft, a local society organized chiefly as an insurance society, held their annual installation meeting, the following officers being installed for the ensuing term:

Past guardian, Della Rugue; guardian, Eileen D. Fleming; advisor, Evelyn White; magician, Ollie Waller; attendant, Mary Bonti; sentinel, Pearl L. Chinn; manager, Mrs Bastian. Following the installation ceremony, which was interesting and impressive, a large program was rendered, and greatly enjoyed.

Mrs Zumbiel rendered a vocal solo, Mrs Heath had an appropriate reading; Mrs Schacht gave an instrumental solo, Mrs Kennedy gave an interesting reading.

Mrs Eva Bastian was presented with a past guardian's pin, a token of esteem from her sister members. This was followed by a few selections on phonograph.

The entertainment being concluded, the members and guests repaired to the banquet hall, where refreshments were served.

The lodge is in a very flourishing condition and reports 66 active members, although it has only celebrated its 5th birthday. The society is a ladie's auxiliary to the Woodmen of the World.

A Frightful Wreck

of train, automobile or buggy may cause cuts, bruises, abrasions, sprains or wounds that demand Bucklen's Arnica salve—earth's greatest healer. Quick relief and prompt cure results. For burns, boils, sores of all kinds, eczema, chapped hands and lips, sore eyes or corns, its supreme. Surest pile cure. 25 cents at Spagnoli's drug store.

MARRIED.

JEWELL-GREGOR.—In St. Augustine's church, Jackson, July 21, 1910, by Rev. John E. Shea, Sidney E. Jewell to Miss Lillian Gregor, both of Jackson.

BORN

MELDE.—In Charleston, Washington, July 11, 1910, to Mr and Mrs A. G. Melde, a son.

Mrs Melde was formerly Miss Grace Folger of Jackson.

HOSKINS.—In Sutter Creek, July 14, 1910, to the wife of Samuel Hoskins, a daughter.

SUPERIOR COURT.

HON F. V. WOOD, JUDGE

M Isaacs vs Geo Yager—Papers on appeal filed from judgment in justice court of twp 2—Suit was brought for \$35 for a wire fence taken by defendant, from plaintiff, and \$35 damage. Tried before a jury on June 27, and gave a verdict for defendant. Pl intiff appeals on general grounds.

Estate of Sarah A Serine—Final account and petition for distribution filed; July 30 appointed for hearing.

Estate of J H Holman—July 30 appointed for hearing on final account and petition for discharge.

Estate of Marie Torre—John Torre appointed administrator upon filing bond of \$400.

Estate of W E Kellog. By request continued until August 2.

Estate of Frank A Richardson. Final discharge of administrator.

Estate of Silas Whitmore—Ada E. Mason appointed administrator with bond of \$100. Petition to determine heirship filed. August 2 appointed for hearing.

Estate of Amy M Boyson—July 30 appointed for hearing of petition to set aside homestead for benefit of surviving husband.

Estate of Risti Radulovich—Martin Vasilovich petitions for letters, August 6 appointed for hearing. Deceased died in the French hospital in San Francisco, June 16, 1910, but was a resident of Amador county. He left property consisting of one fourth interest in Iron Duke quartz mine in Mariposa valued at \$150, and property of unknown value in Austria, Hungary, and \$10, and \$284 50 on deposit in the Hibernia bank, and \$752 80 in San Francisco saving union. The heirs are a wife, Savelda Radulovich, living in Jackson, Vaso and Marie Radulovich aged 2½ and 1½ respectively children of deceased. Petitioner has been requested by widow to act as administrator.

Harry Solomonson vs Myrtle Solomonson—Default of defendant entered. Interlocutory decree of divorce granted plaintiff, and custody of minor child awarded to D L Burns, grandfather of child.

Edward Van Vranken vs Robert Jameson et al—Settlement of bill of exceptions continued until July 23 by consent of both parties.

People vs John Thornberg—Pleads guilty of misdemeanor embezzlement. Fined \$300 or 150 days in jail.

SUICIDE BY TAKING ACID

Continued from page 1

Jackson. Gioneitti said he intended to pay all funeral expenses, whereupon Coroner Potter upon recommendation of the jury turned over to the cousin \$21.10 and a watch belonging to the deceased, which was to help defray funeral expenses, it being customary to turn all such effects into the county treasury.

Albina Davalle, the young girl who was engaged to be married to the deceased, was next called, and testified she was past her 16th birthday. She said she met Simi for the first time about a year ago in the city of Jackson and from then until the time of his death he was a steady visitor at her home on Bright Avenue. She said she was engaged to be married on Sunday, July 24th, that the engagement was made two weeks ago, and that his last visit to her was on Sunday previous to his death. He told her, she asserted, "the first time you leave me I will kill myself," and also told her if she did not shun all other male admirers, he would pay her back after their marriage by thrashing her. She thereupon told him she would not marry him, whereupon he left her in anger.

She told of receiving an engagement ring, a gold watch and a wedding ring, and that when he left her on Sunday he demanded the wedding ring which she returned to him. He told her at that time that she could keep the remaining presents and added as he left that he would kill himself. She said her parents were willing that the engagement should take place and that she of herself broke the engagement. She told of how the deceased had called on her a number of times, and each time begged her not to break the engagement. She stated however that she refused to sanction his further attentions, and on his last visit he told her to take a good look at him as it would be her last sight of him alive. After a short deliberation, the coroner's jury returned a verdict of suicide by carbolic acid. Following are the jurors: F. Simich, J. W. Love, A. Mann, P. Ortiz, J. G. Garbarini, Joe Datson, S. F. Harris, C. Marelia, I. E. Flitteraft.

The funeral of the suicide was held Wednesday at 2 p. m.

DIED.

SIMI.—In Jackson July 18, 1910, Ginni Simi, a native of Italy, aged 21 years.

Ayer's Hair Vigor

Ingredients: Sulphur, Glycerin, Quinin, Sodium Chloride, Capsicum, Sage, Alcohol, Water, Perfume.

Anything injurious here? Ask your doctor.
Anything of merit here? Ask your doctor.
Will it stop falling hair? Ask your doctor.
Will it destroy dandruff? Ask your doctor.

Does not Color the Hair

J. C. AYER COMPANY, Lowell, Mass.

Hot Weather

Monday was the hottest and most oppressive day so far experienced this summer. The mercury rose to 104 degrees. To add to the oppressiveness, the day was cloudy and sultry. In the evening there was a slight sprinkle of rain. Two brilliant rainbows spanned the east just before sunset—a very rare occurrence at this season of the year. There was every indication of a heavy thunderstorm in the high sierras.

Water Shut Off

The water was shut off from the entire city all day yesterday, owing to the laying of the new main pipe over the north branch of Jackson creek, at the junction with the middle fork, and for several hundred feet on either side. A large force of men was put to work to get through with this job as quickly as possible, as it was realized the shutting off the water supply for a number of hours continuously was a very serious matter. Had a fire started during the interval, the city would have been at its mercy, as there was absolutely nothing to combat its spread. Fortunately the crisis was averted without damage. It is the consensus of opinion that such changes where the water supply is dependent upon one line of pipe should be made at some other time than midsummer.

Candidate for Congress Here

John L. Childs, republican candidate for congress, was in Jackson Tuesday, offering the glad hand to overyone. He came from the mother lode counties to the south, and is making an official tour as a grand officer of the Knights of Pythias, doing politics at the same time. He is the present superior judge of Del Norte county. He is a genial gentleman, and went over to Amador City the same evening to attend a meeting of the lodge there.

Those Pies of Boyhood

How delicious were the pies of boyhood. No pies now ver taste so good, what's changed? the pies? No. Its you. You've lost the strong healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the food. What's needed? A complete toning up by Electric Bitters of all organs of digestion—stomach, liver, kidneys, bowels—Try them. They'll restore your boyhood appetite and appreciation of food and fairly saturate your body with new health, strength and vigor. 50 cents at Spagnoli's drug store.

Catholic Church Fair.

It has been decided to hold a festival, including bazar, etc. for the benefit of the Catholic church on the 12th, 13th and 14th of October next. The ladies of the church will meet at Mrs Ginecchio's every Thursday afternoon, at 2 o'clock, for the purpose of sewing and preparing in other ways for the coming festival. All are invited to attend.

NOTICE OF TRUSTEE'S SALE.

Notice is hereby given that in pursuance of an order of the District Court of the United States, in and for the Northern District of California in the matter of J. B. Palmer and Mrs J. B. Palmer, et al, bankrupts, in bankruptcy No. 6053, made on the 21st day of May, 1910, the undersigned trustee of the estate of said bankrupts will sell at public auction to the highest bidder in front of the court house door of the court house at Amador county, at Jackson, in said county, on Saturday, the 30th day of July, 1910, at the hour of 12 o'clock M. all the right, title, interest and estate of the said J. B. Palmer and Mrs J. B. Palmer, also known as John B. Parma and Laura E. L. Palmer at the time of their adjudication, and all the right, title and interest that the said estate and the trustee thereof have, by operation of law or otherwise acquired other than, or in addition to that of the said bankrupts at the time of said adjudication, of, in and to the following described real estate, to-wit:

Situate in the county of Amador, state of California, and described as lot No 9, in block No. 12 on map No. 3 of the town of Jackson, also lot No. 10 in block No. 12 in the townsite of Jackson, according to the maps of said town of Jackson on file in the office of the county recorder of the county of Amador.

Said sale is to be made subject to two certain mortgages executed by said bankrupts now owned by John Strohm, said mortgages being recorded in the recorder's office of said Amador county in volume Z page 486 and volume 3 page 422 of mortgages, and an action being pending in the superior court of said Amador county to foreclose said mortgages.

Terms and conditions of sale: Cash, gold coin of the United States, ten per cent at time of sale, balance on confirmation by said court.

Dated this 1st day of July, 1910.

FRED C. REINKING, Trustee.

FROM OUR EXCHANGES

News of Interest from Near-by Counties

Dr. J. H. McLaughlin, who has been located here for the past seven or eight years, left Monday for Sutter Creek, where he will reside in the future and continue in the practice of his profession, having received the appointment of physician for the South Eureka mine, which employs about 300 men. The doctor was very successful in his practice in these parts, and his rollicking, jovial good nature and never failing bonhomie won for him many friends whose best wishes but sincere regrets go with him to his new field.

Mr McBain, the engineer and blacksmith at the Queen mine near Rich Gulch had a close call for his life Monday last. He was at work in the compressor room at the time, when the belt that runs the machine broke. This took away the resistance from the water wheel, which soon attained such a speed that it flew all to pieces. Buckets from the wheel as well as the wheel itself were flying in every direction, pieces of which knocked off the boards on the side of the building and landed some thirty feet away. One of the flying missiles struck McBain on the arm cutting quite a gash, another mashed his finger, while still another piece grazed him on the chin. It was a regular bombardment of flying pieces of cast iron and all done so quickly that McBain had no chance to get out of danger zone. While it was a close call, still as we look at it from a fatalist's point of view, it had to be and McBain's time hadn't come as yet.—Citizen.

Another of our old pioneers Mr Nimrod Foster passed away July 4th and was buried at Lone cemetery July 6th. Mr Foster was born in Knoxville, Tenn., July 3rd 1831, moved to Missouri with his parents when six years old and crossed the plains for California with an ox team in 1853, landing in San Joaquin county in September of that year. The next spring he went to Lancha Plana, where he mined a few years, then went to Frazier river during the excitement there. He located on a farm three miles west of Lancha Plana late in the fifties, where he resided permanently until his death. He was a good citizen, a good neighbor and was respected by all with whom he had dealings for his integrity and worth. He was married to Martha M. Diebold March 22nd, 1868, who survives him as do six children, Mrs Joe Kid, Ione, Mrs G. B. McGill, Stockton, Sophie M., Martha A., Joseph G. and Frank W. Foster of Camanche.—Prospect.

From the Deer Valley section comes complaint regarding the appearance of a new weed which threatens to become a veritable pest. It partakes somewhat of the nature of the common tar weed, but grows more rankly. It is most prevalent along the public highways traversed by migratory stock, but no animal except goats will eat it. Other vegetation is killed out by the weed.—Nugget.

The little six or seven-year old son of Mike Mitrovich, who lives on Democrat hill, will be a manipulator of big schemes when he grows up, if he is ever anything. Tuesday last he was seen by little Amy Hutchinson going to town with a bulging purse in his hand, and when asked whither he was bound with so much purse, replied that he was going down to buy up all the candy in town, and asked the girl to accompany him—the first step toward forming a combine or trust. He had found the purse on the floor at his home and was elated over the prospect of his first financial coup, that of cornering the candy market. Opening the purse he displayed a twenty-dollar piece, a five and some silver, showing that he was well heeled for business. The little girl would take no stock in his scheme and told him he had better take the money to his mother, but as he couldn't see it that way, she asked him for a part of the money. He readily gave up the twenty and some silver which Amy took to Mrs Mitrovich with an account of the youth's caper, while the boy went on to make his purchases. The mother was quickly on his track and when overtaken he had already spent 25 cents for candy while the rest of the money he had hidden under a rock by the roadside. With the exception of what he had spent, all the money, \$22.65, was recovered. The little girl got 50 cents for her trouble and the boy got the seat of his pants tanned—maybe.—Angels Record.

The assessment of the county is completed by assessor Nuner shows slight increase over last year. We present below the total assessed valuation by townships and also the assessment for the year before. A few more personal property assessments may yet be added to the roll, but they

POPULATION STATISTICS

A Bit of Information on Condittins of Other Countries

In 1800 France had 4,000,000 more population than Germany. At that time both nations occupied approximately the same amount of territory, about 200,000 square miles each. The density of population in France was 134 to the square mile; in Germany it was 113.

In the last hundred years the fertility of the German nation has been so great that, in spite of the fact that it has sent more than 6,000,000 emigrants to the United States and millions more to other foreign countries, it has increased its home population to 64,000,000, nearly triple the number in 1800. During the same period the population of France, which has sent practically no immigrants abroad, has increased by less than 50 per cent. And, it should be remembered, in spite of Alsace and Lorraine, the territory of the two nations has remained practically the same, approximately 200,000 square miles each.

At present the density of population in German Empire is 303 to the square mile. What that means may be grasped by considering that if the United States was as thickly populated as Germany is at the present time we should have 900,000,000 people—ten times our present population. In other words the present density of population in the United States is only thirty to the square mile.

Where and how shall the immensely virile and fertile German race find a new home and a new empire over seas? Or will it, with the greatest army in the world at its command and a tremendous war fleet in the making, sit tight within its narrow boundaries at home until famine and pestilence sap its vitality and reduce its numbers? It may do that; it may allow millions of its sons to renounce their allegiance to the fatherland, or it may—the last terrible alternative is the one of which the world stands in dread.

Children Cry FOR FLETCHER'S CASTORIA

In the far east, the case is exactly the same. Japan, penned in its narrow islands, with nearly 50,000,000 of warlike people crowded into 160,000 square miles of land, is already overflowing into Korea.

If it is possible to understand the almost irresistible impulse which drives the Japanese to seek outside their present boundaries a less crowded home, let it be remembered that, if Formosa be counted with the other Japanese islands, the density of population in the island empire is almost the same as in Germany. It is true, then that after all the talk of commercial supremacy, national honor and high ideals, the real cause of the waiting war may be found in the primal instinct of swarming from the overcrowded hive? Is racial fertility at the bottom of the coming struggle?

From the Technical World Magazine.

GO TO THE RESCUE

Don't Wait till it's Too Late—Follow the Example of a Jackson Citizen.

Rescue the aching back. If it keeps on aching, trouble comes. Backache is kidney ache. If you neglect the kidneys' warning, Look out for urinary trouble—diabetes.

This Jackson citizen will show you how to go to the rescue. Mrs Benjamin F. Gilbert, 61 E. Court street, Jackson, Cal., says: "I can recommend Doan's Kidney Pills highly, having been convinced that they live up to the claims made for them. There was a pain in the small of my back at night and whenever I turned in bed, I was in misery. I was certain that my kidneys were the cause of my suffering and was finally led to begin the use of Doan's Kidney Pills. They brought prompt relief and proved to be an ideal kidney medicine in every way. I only wish that all sufferers from kidney complaint could be induced to try Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The Crisis.

Forever ours! for good or ill, on us the burden lies; God's balance, watched by angels, is hung across the skies. Shall Justice, Truth, and Freedom turn the poised and trembling scale, Or shall the Evil triumph, and robber Wrong prevail? Shall the broad land o'er which our flag in starry splendor waves Forego through us its freedom, and bear the read of slaves?

Great heaven! Is this our mission? End in this the prayer and tears, The toil, the strife, the watchings of our younger, better years? Still as the Old World rolls in light, shall ours in shadow turn, A beamless chaos, cursed of God, through outer darkness borne? Where the fair nations looked for light, a blackness in the air? Where for words of hope they listened, the long wail of despair?

The Crisis presses on us; face to face with us it stands, With solemn lips of question, like the Sphinx in Egypt's sands! This day we fashion Destiny, our web of Fate we spin; This day for all hereafter choose we holiness or sin; Even now from starry Gerizim, or Ebal's cloudy crown, We call the dews of blessing or the bolts of cursing down.

By all for which the martyrs bore their agony and shame; By all the warning words of truth with which the prophets came; By the Future which awaits us; by all the hopes which cast Their faint and trembling beams across the blackness of the Past; And by the blessed thought of Him who for earth's freedom died, O my people! O my brothers! let us choose the righteous side.

—Whittier

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

Lonesome.

A poker player died, and went to heaven. He wandered about on the golden streets and in the beautiful buildings, but was unable to find a "game," and became lonesome. He went to St. Peter, and said: "Old man, I'm going to leave this place and go to hades." St. Peter was shocked but finally consented to leave the man go. But he gave the poker player a round trip pass between heaven and the other place. The poker player went to hades, and the first thing he saw down there was a big game. He tried to get into the game, but, since he had no money, he could find no place at the table. Finally, he returned to the table with a big wad of money. "Where did you get it?" the other players shouted. "I sold my pass," he said, and he grinned contentedly.

ANY LADY can easily make from \$18 to \$25 per week working for me quietly in her own home locality. This is a bonafide offer—one which will pay you to investigate, even if you can only spare two hours per day. No investment required. Turn your spare time into money. Write me at once for particulars. Address MARY B. TAYLOR, Box 30, Woman's Building, Joliet, Illinois.

Pine Grove Hotel

R. P. Walker, who has been running the Pine Grove hotel, has quit that well known holstery, and will devote his time exclusively to teaming. The hotel is therefore offered for rent. It is by far the best appointed house on the way to the mountains. It is built entirely of brick, with bath room, bar, and 10 sleeping rooms. Also ample accommodation for stock. With 40 acres under cultivation, including vineyard and orchard. An excellent opportunity for some enterprising man. For particulars enquire at the Jackson Real Estate office, or the Ledger office.

Runaway Accident

Mr Bergen of Chico is visiting in and about Jackson, on a vacation, started to pay his old foreman at the Electric plant, at Electra, a visit, and engaged a single team at the Union livery stable to drive to his place of destination. Some distance near Murphy's ranch, along the road way at a watering trough, Bergen left the carriage to unlouse the check strap in order to allow the animal to drink. The horse became frightened and ran away, breaking the cross bar and shafts, the victim hurried to the nearest phone and notified the hands at Murphy's to be on the look out for a runaway, and as the frightened horse came dashing along he was captured. The animal was not injured.

Road and state poll taxes are now due and payable to the assessor, and will be delinquent in August. Pay up and avoid the penalty.

Odd Fellows Hold Installation

The Odd Fellow's held an installation meeting last Saturday night in their rooms in the Odd Fellows building, to which the members of the Rebekah lodge were invited to attend. District deputy Maylone of Oleta lodge conducted the services, which were very impressive. Speeches were delivered by deputy Maylone, Bros. Wm. Penry, and Judge Wood. Several of the sister Rebekahs also spoke, after which the lodgemen and their guests repaired to the dining hall, where refreshments were served. Several musical selections were rendered during the evening and the occasion voted a most enjoyable event.

Operation on Horse

A valuable horse belonging to J. Johnson, who lives near Middle Fork creek, was operated upon by Dr. Golding Monday last. The animal had a diseased tooth and suffered great pain, the entire jaw was swollen and when Dr. Golding opened up the abscess, a large magot rolled out. The decayed tooth was soon removed and the abscess thoroughly cleaned and dressed. The horse immediately showed signs of relief and partook of a hearty meal shortly after his painful ordeal.

Democratic Convention

The democratic county central committee has issued a call for a county convention to be held in Jackson on August 20, to elect six delegates to the state convention, and transact such other business as comes before it. The basis of representation is one delegate for every 20 votes cast for J. D. Pehalan at the last election. This gives 60 delegates. A caucus is recommended to be held in the respective precincts on August 13, to select candidates for delegates to be voted for at the August 16 primary election.

Eye Bursts After An Operation

William Doyle, a resident of Jackson, who met with a serious accident about 1 year ago, while blasting in a gravel mine in search for gold, at which time his eye was injured, was operated upon by Dr. Boyson Sunday last, and a cataract removed. A short time the eye ball dissolved and ran out and the patient was compelled to undergo a second operation, whereupon the entire eye was removed, and back in the socket of the eye was found a good sized piece of slate. The slate was solidly imbedded in closed tissues, as the rest of the tissue parts seemed to be in a healthy condition, the doctor expressed himself as being satisfied that there would be no complications set in to prevent the patient's full recovery.

When the stomach fails to perform its functions, the bowels become deranged, the liver and the kidneys congested causing numerous diseases. The stomach and liver must be restored to a healthy condition and Chamberlain's stomach and liver tablets can be depended upon to do it. Easy to take and most effective. Sold by all dealers.

Will Publish Acts of Legislature

Next week the Ledger will publish the four acts of the last legislature for bonding propositions which will be submitted to the voters at the November election. The acts will occupy over a page of the Ledger, in the smallest legal type, and the advertisement will have to run 15 weeks, or until the issue before the election. It will be well for the voters to study these bonding measures thoroughly. We propose to discuss them at length hereafter, when the voters have had time to read them over carefully.

Thornberg Embezzlement Case

Pleads Guilty; Gets 150 Days

Tuesday morning, July 19th, the case of John Thornberg was heard in the superior court, Jackson, the Hon. Judge Fred V. Wood presiding. The defendant was accused of felony, for embezzling a sum of money belonging to John Hosenfelt, a miner residing near Pine Grove, on June 30th last. The prisoner said he did not desire counsel, and the district attorney asked the court to reduce said charge of felony to that of misdemeanor embezzlement. U. S. Gregory was sworn and examined and after his testimony was heard the court granted the change of the charge, and the defendant immediately entered a plea of guilty to misdemeanor embezzlement, of \$37.02. The prisoner waived time for passing sentence, and asked the court that sentence be immediately passed. Thereupon the court sentenced the defendant to pay a fine of \$3.00 and in default of payment of said fine that the defendant should be imprisoned in the county jail at the rate of \$2.00 per day until said fine is satisfied.

Thornberg was entrusted with a pay check, calling for \$52.02, and promised to cash the same in Volcano for his companion, named Hosenfelt. He cashed the check and went on a spree, when he was arrested he still had \$15 on his person. Had he spent the entire amount of \$52.02 he would have committed a felony that would have sent him to state prison, as any sum above \$50 embezzlement constitutes felony. The prisoner fortunately had \$15 on his person as above stated, and that saved him from being branded a convict.

In view of the fact that the charge of felony was allowed to be reduced to

that of misdemeanor, Judge Wood did not feel that the defendant was entitled to much reduction of sentence on the latter charge and therefore rendered his above stated sentence.

Better Photographs

When you have your "photos" taken by LOGAN you get better workmanship and more satisfaction than anywhere else. Up-to-date apparatus, the best of skill and many years of experience have given LOGAN a well deserved reputation. He is the premier photographer of Stockton. When you come to town don't fail to call at the studio—15 S. Sn J oaquin St. Prices always moderate—work always best.

Earns Money by Lying in Jail.

San Francisco.—Henry P. Chase, a chauffeur, who was arrested Monday evening and accused of running his machine at a speed of forty miles an hour between Larkin and Cough streets, on McAllister street, earned \$25 by remaining in jail over night and refusing to bail himself out, although he had \$42 in his pocket, which was \$2 more than was necessary to insure his liberty.

As Chase stood in the dock a police court practitioner approached him and asked him if he wanted a lawyer. Chase said he did, and asked the fee. It was \$25.

"No," said Chase. "I stayed all night in jail and I'll take no chances."

When his case was called he said to Judge Deasy, "I admit that I was going too fast, but it is my first offense, and I have been taught a good lesson by a night in jail. I have no attorney and throw myself on the Court's mercy."

"A night's incarceration for a first offense is sufficient," said Deasy. "The case is dismissed."

CALL FOR Republican County Convention

Notice is hereby given that at a meeting of the republican county central committee held in Jackson, July 12, 1910, it was ordered that a republican convention be held in Jackson, on Saturday, August 27, 1910, at 10 o'clock a. m. for the purpose of selecting delegates to attend the state convention, for the adoption of resolutions or platform, for the election of a new county central committee, and the transaction of such other business as may properly come before the meeting. The basis of apportionment for delegates to said county convention shall be one vote for every 25 votes, or majority fraction thereof cast, for the highest presidential elector at the election in 1908. Under this apportionment the number of delegates which the respective precincts are entitled to is as follows:

Precincts	No Delegates
Jackson 1	3
Jackson 2	3
Jackson 3	3
North Jackson	2
South Jackson	2
West Jackson	1
North Ione	3
South Ione	4
Buena Vista	1
Lancha Plana	1
Oleta	2
Volcano	2
Pine Grove	2
North Amador	2
South Amador	1
South Sutter Creek	2
East Sutter Creek	3
West Sutter Creek	1
North Plymouth	1
South Plymouth	1
Drytown	1
Forest Home	1

Republicans are recommended to meet in caucus in their respective precincts on Saturday, August 6, 1910, to select candidates for delegates to be voted for at the primary election.

MORE TROUBLE

Tribilcock Sentenced Fine of \$50 for Cruelty

Charles Tribilcock, who was arrested on the charge of cruelty and had a hearing before Judge Fred V. Wood, in the superior court several weeks ago, and allowed to go free on probation, on promise that he would live a peaceful and quiet life and support his family properly, was arrested again on Tuesday evening by sheriff Gregory, and in default of bail landed in jail.

Tribilcock is said to have abused his wife and child on Saturday and Sunday last, by whipping the infant with a strap, and also by hitting his wife with a green tomato. The abuse became so severe that the unfortunate wife was compelled to seek protection from neighbors. She was taken into the home of a kind friend, and made comfortable. Tribilcock on returning from work made inquiries as to his wife's whereabouts and after learning where she was sheltered, went to the place and demanded that she accompany him home.

The wife refused to comply with his demands, and after threatening all connected with the affair he left the place.

The probation officer, who was instructed to report the care the child was receiving was informed by the baby's mother, of the cruel treatment it was receiving at the hands of its father, whereupon a charge was sworn out and the arrest followed.

Mrs Tribilcock said she had been married about 4 years, but only recently came to Jackson from Grass Valley, where her parents and relatives all reside. She complains that she never received any money and had only been in town on one occasion, and, at that time she was compelled to come down street without letting her husband know of it. She asserted that he was always of a nervous temperament and became greatly angered at the least trifles.

On Wednesday the prisoner was given another hearing and sentenced to a fine of \$50, which was paid by relatives, and he was again turned loose. He returned to his home and ordered Jos. Mason who owns the property, to not allow his wife remove anything from the premises. However sheriff Gregory learned of the affair and politely informed Tribilcock that the woman had a right to whatever she choose to take belonging to herself and cautioned him not to create any further trouble.

Story of Last Week's Tragedy

On July 12th Mrs Annie Gardner and her little boy, 7 or 8 years old, was going to Sutter or Martells, and wanted my aunt to go along, but auntie would not go, as she was afraid of the horse. So Mrs Gardner and the little boy went without her. Along about 4:30 in the afternoon, I was standing by the side of the house looking at a surrey going up the grade in front of the house with three or four little children and two grown people in it. All at once Mrs Gardner's horse came running down the hill, hitched to the empty buggy, and ran right into the horses in the surrey, hurting one of the horses slightly. Mrs Gardner's horse broke loose from the buggy, and ran home, which is about half a mile from our house. I took a bucket of water and my little brother and started up the road to look for Mrs Gardner and the little boy. Before we went 100 yards we saw the little boy coming down toward our house, and he stopped and picked up a piece of the buggy seat. We took him down to our house. Then we went up the road to look for Mrs Gardner, and found her about 100 yards from where we first saw the little boy, lying with her face down in a hole in the road. I then told my brother to go as fast as he could after the doctor and her husband. While I left the Austrian that was in the surrey with Mrs Gardner until I could go back and get Miss Delia Ford, who lives a quarter of a mile from our house. About half an hour afterward Miss Ford and I got back. Dr. Lynch came, but he was too late, as she died as soon as he laid her down, as the Austrian had sat her up against the side of the bank. Where the accident happened was on the road between Amador City and Oleta, which is known as the Culbert grade.

The little boy is at our house, under the care of Dr. Lynch and Mrs. Allen, the trained nurse from Sutter Creek. He does not know that his mother is dead, and we are in hopes when he gets better he will be able to tell us all about how the accident happened. Mrs Gardner was laid to rest by her father, Joseph Koch, who was also killed in a runaway about 23 years ago. As soon as the little boy is able to tell us all about how the accident happened, I will send you another letter.

Yours truly, Hattie Dynan.

CUNEO'S STORE

MAIN STREET - - - JACKSON, CAL

\$4,860.00 GIVEN AWAY

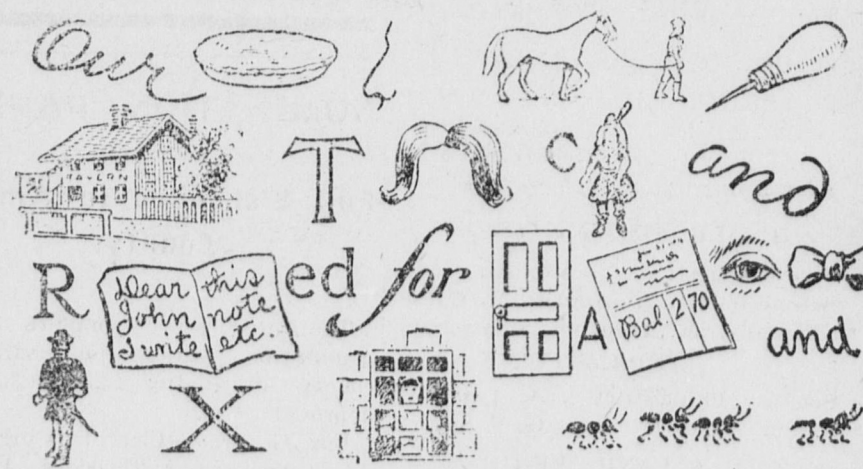

In a Great Rebus Contest Inaugurated by McNeil & Co., In Conjuring With Eastern Piano Factories

No Charge of any Kind to Enter

All Have an Equal Show

This set of Rebus pictures will interest the grown-ups as well as the children, and has a great deal more to it than the mere fun of getting the correct answer.

The most artistic correct answer will receive the first prize, and the balance of the prizes will be distributed in the order of correctness and in what our opinion would be the most artistic solution received. Everyone has an equal opportunity. You know McNeil & Co.'s way of doing things—just as advertised. We are making this offer at the request of several factories whose representatives we are in California, and by giving this amount away directly to piano purchasers, direct results can be secured at once instead of spending their entire advertising appropriation in expensive magazine advertising. We want everyone interested in Piano or Player Pianos to enter this contest. You, of course, know that we want these prizes and every one of these purchase checks to go where they will be properly appreciated. Be sure and enter; yours may be the answer that will secure one of the big prizes. It certainly will if yours is the most artistic correct answer.

500 PRIZES GIVEN AWAY

Including 10 Grand Prizes

- 1st Grand Prize—Talking Machine, Records and Purchase Check, \$200
- 2d Grand Prize—Talking Machine, Records and Purchase Check, \$150
- 3d Grand Prize—Sewing Machine and Purchase Check, \$180
- 4th Grand Prize—Violin and Purchase Check, \$170
- 5th Grand Prize—Guitar and Purchase Check, \$160
- 6th Grand Prize—Mandolin and Purchase Check, \$155
- 7th Grand Prize—Piano Harp and Purchase Check, \$150
- 8th Grand Prize—Piano Harp and Purchase Check, \$147
- 9th Grand Prize—Piano Harp and Purchase Check, \$146
- 10th Grand Prize—Piano Harp and Purchase Check, \$145
